RE: Pool Deck Renovation

Dear Jim:

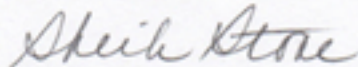

I want to thank you and your men for the wonderful job that was done on our pool deck. I also wanted to let you know that you have a great group of employees.

Your men were very organized and worked well as a team. They were genuinely concerned about the building as far as doorways and getting large equipment through without damage.

Your men were respectful to my employees and me and followed "house rules" without being told twice for anything.

It was a pleasure doing business with you.

Very truly yours,

Sheila Stone, CMCA, AMS, ARM
General Manager
