**RE: Classic Plaza Shopping Center
Cherry Hill, NJ**

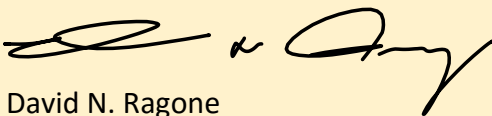

Dear John:

I want to express my sincere gratitude to ShotBlast for the great floor refinishing work performed at Classic Plaza shopping center. ShotBlast did a fantastic and meticulous job in getting the floor completed on budget. I really appreciated your effort in manning the job with enough workers to complete the job ahead of schedule. The finished floor exceeded my expectations and those of my supermarket tenant who commented that it was the nicest polished floor in their chain. The job went smoothly due to the fact you and Jim identified all issues with the 40-year-old floor ahead of the job and planned for them during the course of the job. I have recommended you to a few of my developer friends and contractors and plan on continuing to do so.

There are not many contractors who pay this close attention to detail and where the owner is constantly on the job to make sure it is being completed as promised. I would have thought Jim owned the floor for as much time he spent on the job. As for you John, you really made this phase of the project go as planned and your communication during the course of the job made my job and planning of the project go smoothly. I really appreciated you being so considerate of my time and project schedule.

I look forward to working with you and Jim in the near future. Stay well.

Very truly yours,

David N. Ragone
Principal
